# 1. TELL A STORY

If it's not your personal story, then create one that **resonates** with you and your product or service. If you need help, you can use my branding workbook to guide you.

# 2. IDENTIFY YOUR AUDIENCE

Market research is key! Find out who your ideal client is by **testing**. Leverage questionnaires, messenger marketing along with simple FB ads helps quickly pinpoint your ideal clients.

# 3. BE CONSISTENT

Regardless of your message, colors, logo or style--whatever you do,

**KEEP IT CONSISTENT**

To ensure consistency, you can create a style or brand guide to make sure all of your content looks and feels the same across the board.

# 4. EXPOSURE

Having a solid marketing plan in place is always important when launching a brand.

Using channels like social media, messenger, email, blogs and networking can go along way in **building awareness** around your business. Always be thinking of creative ways to reach new audiences.

# 5. MENTORS

Ask for help or find other successful businesses just like your own to model. If you are ever unsure of anything seek advice from an expert. Remember to focus on what your good at and what you love. There is always room for more growth and knowledge. We offer **FREE 30-min consultations** if you need us.
